

# 6<sup>th</sup> Grade CCSSM Conceptual Foundations Classes

The Curriculum and Staff Development Department is offering a series of Common Core State Standards Mathematics content classes **for sixth grade teachers**. These classes focus on the JSD Conceptual Foundations documents and provide teachers an opportunity to understand and engage in the mathematics content of the new core.

All classes meet from **4:30 – 6:00** on the dates listed below. Locations are given with the date. Class size is capped at 30 participants. **Teachers must register on-line.** <http://www.solutionwhere.com/jordanpd/cw/main.asp> If the class is full, a teacher can request to be placed on a waiting list and will be notified should a registered participant cancel. Also, we are open to adding another session should the waiting list have enough names to fill another class.

## **Ratio and Proportional Reasoning**

- Open to A & B track teachers: August 16 @ ASB room 102
- Open to C, D-track & traditional teachers: August 31 @ ASB room 102
